

# Ready-Mixed Mortar

## Technical Data Sheet

### The specific range in powder form

A ready-mixed mortar construction with brick walls, concrete blocks and stone, composed of cement, selected aggregates, hydrated lime and special additives

#### SURFACE TREATMENT

The blocks or bricks must be cleaned from dust or other impurities; it is important not to use bricks with traces of oils or grease in general. The blocks should be thoroughly soaked in water before laying during hot and dry climates.

#### ADVICES

Do not apply below 5 ° C and above 40 ° C. Do not apply in conditions of strong wind and under full sunshine. Do not use on gypsum plaster, painted surfaces that are inconsistent, frozen or powdery.

#### PAKAGING

1kg, 5kg
