

ARENARYA

ARENARYA

EFFETTI MATERICI PER SPAZI SENZA TEMPO

Riprodurre le superfici naturali segnate dal tempo preservandone l'aspetto visivo, tattile e sensoriale.

Questo è l'obiettivo raggiunto da ADICOLOR con la nuova linea di finiture materiche **ARENARYA**.

La natura ed i suoi elementi sono il filo conduttore di questa linea che rappresenta la massima espressione della creatività e del design italiano e consente di realizzare pareti uniche e di prestigio, sia in ambienti dal "sapore" vintage che "dall'aria" moderna e contemporanea.

L'estetica delle decorazioni si fonde con la qualità dei prodotti ed unitamente ad una vasta gamma di possibili colorazioni, creano un connubio utilizzabile in qualsiasi ambito di applicazione: da quello architettonico o di interior design alle pareti di casa propria.

ARENARYA è la linea concepita per ricreare ambienti dall'atmosfera calda, accogliente e trasmettere sensazioni piene di fascino e di semplicità.

ARENARYA

TACTILE TEXTURES FOR TIMELESS SPACES

Capturing the essence of natural surfaces marked and worn by time, preserving their visual, tactile and sensory appearance.

*This is the goal that we have reached in ADICOLOR with the new line of **ARENARYA** tactile textured finishes.*

Nature and its elements are the inspiration that led us to the creation of this line, which represents the utmost expression of Italian creativity and design and allows you to create unique and prestigious effects that bridge design styles going from an old-world vintage taste to those with a modern, contemporary flavor.

The beauty of the decorations blends with the quality of the products then are topped with an array possible colors, to create a combination that can be used in any field of application: from architectural or interior design projects to the walls of your own home.

ARENARYA is designed to create a warm, welcoming atmosphere and transmit the feeling of natural charm and simplicity.

Tutti gli effetti colore di questo catalogo sono riprodotti con i limiti di stampa CMYK ed hanno valore puramente indicativo.

 **ADICOLOR**
DECORATIVE PAINTS

FINITURE E COLORI PER I PRODOTTI ARENARYA

Velé

Crema silossanica per decorazioni murali ad effetto cera patinata.

Finitura decorativa e protettiva, a base silossanica e di semplice applicazione, che permette di realizzare effetti sfumati con diversi gradi di intensità a seconda del risultato desiderato. La sfumatura, unitamente alla trasparenza, conferisce alle pareti un effetto visivo di leggerezza e delicatezza.

Velé Silver&Gold

Crema silossanica per decorazioni murali ad effetto cera patinata con riflessi dorati o argentati.

Finitura decorativa e protettiva, a base silossanica, dalle meravigliose ombreggiature dorate o argentate per arricchire con eleganza e stile ogni tipologia di ambiente. Dotata di grandissima resa, è estremamente semplice da applicare.

Shadé

Emozionanti e prestigiose finiture d'arredo.

Finitura decorativa metallizzata liscia di grande prestigio e raffinatezza. SHADE' caratterizza i vari ambienti donando atmosfere diverse e creando illusioni ottiche più o meno accentuate dal colore. Di alta copertura, è disponibile in 3 basi: oro, argento e alluminio.

SK

Elegante finitura decorativa perlescente.

Moderna finitura traslucida, altamente resistente e lavabile, per decorare ogni tipologia di ambiente con stile e delicatezza. Una finitura con deliziosi riflessi metallici ed un effetto cangiante che cambiano tono al variare della luce.

SK

FINISHES & COLORS FOR ARENARYA PRODUCTS

Velé

Siloxane cream, patinated effect, wall decoration.

Decorative and protective, siloxane-based, glaze type finish that is very simple to apply. Velé allows you to achieve subtle cloudy, shaded effects with different grades of intensity depending on the desired result. The nuance, together with the transparency, gives the walls a visual effect of lightness and delicacy.

Velé Silver&Gold

Gold and silver base decorative, siloxane-based cream, patinated wax effect.

Decorative and protective, siloxane-based, glaze type finish with wonderful, cloudy effect, golden or silver shades to enrich any type of environment with elegance and style. The product has a very high yield and is extremely simple to apply.

Shadé

The bold and striking waterborne metallic paint.

Smooth metallic decorative paint of great prestige and refinement. SHADE' distinguishes all types of environments by giving a striking and rich eye-catching atmosphere. The finish has a good opacity and is available in 3 bases: gold, silver and aluminum.

SK

Pearly and translucent decorative effect finish.

Modern translucent finish, highly durable and washable, ideal for decorating walls in every type of environment with style and charm. A finish with delightful metallic reflexes and a pearly effect that can change tone when the reflection of light changes.
